“Minex Mt Isa 2017”

The Buchanan Park Events complex in Mount Isa, biennially hosts the largest Mining & Engineering Show in North West Queensland. The show hosts over 100 exhibitors, live displays, interactive machinery and engineering showcases and material and product show specials. The event is attended by professionals who work in, supply and develop the Mining & Engineering Industries in regional Queensland. 2017 is expected to be one of the largest MineX shows ever.

Westernex are proud to have a Stand in this Expo and encourage all our Queensland Customers to pop in and say high to Russell and Alan

Dear Charlene,

I write to you with heartfelt gratitude on behalf of International Children's Care Cambodia for your recent generous donation involved in the provision and installation of a solar powered water system at our Light of Hope Children's Village.

Without the support of Westernex in the provision of freight of the equipment and the assistance with logistics, this project would simply not have been possible. I appreciated your patience in this process and recognise both the time and effort it took. Thankyou.

The provision of this solar system provides water for the agriculture program at the village. This program sustains the village with nutritious food but also aims to provide an income stream to increase self-sustainability. Without the generous support from donors such as yourself, this type of set-up would not be possible, and for this we thankyou.

Sherree Hughes
